Renovated Workers' Hostel for rent in Göd!

The property has undergone a complete renovation, designed specifically to provide comfortable accommodation for up to 10 people.

The heating is provided by a gas cylinder, with a hot water tank, so that hot water does not "run out" if several people shower.

The bathroom block has several showers, toilets and faucets, so getting ready in the morning should not be a problem even for several people.

The apartment is located on the basement level, equipped with a ventilation system, so that there is always fresh air.

There are a total of 4 rooms in it, with beds and wardrobes. 2 double rooms, 2 triple rooms.

In addition, the kitchen and dining room are located in a larger room, equipped with appliances.

If you have any other requests or wishes, the Owner is open to them.
